

# GI Lightning Coaches Registration

Please fill out all of the following information. This can be mailed or attached to an e-mail (if you want to type up your own form). We want to get together on September 13<sup>th</sup>, so please be sure to have this turned in that night or prior to this date. With the program growing in so many directions, I need documentation to keep all of our information accurate.

Reminder that each team may have two coaches, and you will have NO FEES for your child on that team.

We will discuss our team selection process and rosters at our September 13<sup>th</sup> meeting. There is no pressure to put together a team prior to September 13<sup>th</sup> as we will not know how many kids will want to register for the program until registrations close. We will do everything possible to take care of all players that register on time.

If you already have a team selected, please list their names below to help with the registration process. This is NOT A FINAL ROSTER.
